1	Hi My husband and I believe that all communities within Winnipeg should be treated fairly at all times. We especially need to care for people who live in poverty and make sure their needs are met. Children of all ages should have libraries, pools and arenas to develop their strengths and sense of wonderment. We can't take from one community that already has services and then develop the same services in places like Bridgwater. Since we don't have enough money in Winnipeg to cover our present needs, people moving into newer, developing areas should know they will have to pay more to get libraries, pools and arenas. My husband and I would support higher taxes too. You can't run our city on yesterday dollars. Costs go up every year and so should our taxes. We love Winnipeg as it is now. Our son who is intellectually delayed visits libraries all over the city by bus with his job coach when he is finished recycling at Red River College. All the librarians know *name removed* and welcome his visit. I am an early morning swimmer at our local pool and live to meet my friends each day. My husband is an avid curler. Please keep Winnipeg as it is now. Raise our taxes. *personal information removed*	11/28/2019 9:24 PM
2	Budgets should not be cut and taxes should be increased. We need our services.	11/28/2019 5:05 PM
